Course Maintenance

As reported last week, the course is closed for play until tomorrow 17 April 2018 due to work being done on the greens. As of tomorrow, temporary greens will be in play for a period of approximately 2/3 weeks.

Arrangements while playing on temporary greens:

- The following will be implemented as result of the temporary greens being located on the fairways short of the permanent greens, making each hole considerably shorter:
 1. The yellow tee box markers will be taken out of play.
 2. The Blue tee box markers will be moved to where the yellow markers were and the Red tee box markers will be moved where the Blue markers were.
 3. Therefore, the only markers in play will be Blue and Red and you will be required to play off your Blue or Red course handicap.
- The maximum 2 putt rule will apply on the temporary greens.
- As this is a temporary arrangement, the markers on the fairways, that indicate the distance to the center of the permanent green, will not be moved. Pin placement sheets will be provided that show the variance from the center of the permanent greens to the point in line with the flag (down the center of the fairway) on the temporary greens.
Example: if for hole 1 the variance is -20 then the distance to the temp flag from the 150-meter mark on the fairway will be $150-20=130$ meters to the flag. It will therefore be in your best interest to ensure you take a pin placement sheet.
